**TASK STATUS**  
Graded

**TASK NAME**  
Determine the Central idea or Theme

**LEARNING TASK**  
Read any selection and then write down the central idea or theme of the selection. Confer with a partner to make sure all have central idea or theme of the selection. Then each will write one paragraph consisting of five sentences or more to defend why their choice of a central idea or theme is the correct one.

### AwesomeStoryMaker

[Preview My Story](#)

Please use the tools below to research and write your story. Your story will be published with the media sources you choose in your story's "Media Stream". Use Awesome Stories, featured archives below and any other sites to research your story and find media sources (JPEGs, MP3s, MP4s, PDFs) It's as easy as:

- Conduct Research
- Add Media Sources
- Write the body of the story, revise, edit and submit.

Story ID: 144746  
 Title: Important Events in American Women's History  
 Descriptor: From Clara Barton to Elizabeth Warren, explore womens contributions to U.S. civilization.

### Story Body

Write your 200-500 word story here. If the story is longer, create a multi-chapter story.

This length story avoids excessive scrolling and keeps Media Stream near the relevant story text.

### Credits

Your credit will appear in MLA format at the bottom of the page: Last name, first name, "Story Title", AwesomeStories.com, Date of access. URL.

### Media Stream

Use the archives below to find and enter media sources into your "Media Stream". Find and download relevant media files (images, documents, video, audio) to extend and support your story. An icon depicting media type will display with each source.

### Awesome Stories Archive

Choose from the Awesome Stories Archive (all sources are credited in our archive, so you need not add credit info).

Use [Awesome Search](#) to find your sources, filter by media source type. (only audios, images, videos and docs-PDFs).

Awesome Search

Paste URL for any Awesome Stories resource here [Add](#)

### Featured External Archives

Click on any archive title to access our introduction with search tips and direct archive links.

Download sources from the archives, give each source a title, identify its resource type and user rights category.

Choose sources that are under 10MB in size. The larger the file, the longer the upload time.
