Meet Your Academic and Technology Integration Goals!

- Unite your district/school in flipped classroom, story-driven, media-rich, evidence-based learning.
- Leverage valuable resources aligned to your school curriculum economically.
- Boost quality lessons with multi-media stories which engage students with ease.
- Help your teachers and students to meet Common Core and State Standards Learning Objective
- Ensure faculty and students using reliable resources and respecting legal content rights
- Integrate more content in the crowded curriculum by supporting cross-subject teaching
- Enable student learning specialization, deeper research, analysis and reflection.
- Meet student needs for 21st-century instruction (technology and collaboration)
- Focus your education program on critical thinking, collaboration, evidence-based reflection and writing
- Save teacher time with integrated Assignment Creation, Learning Task and Grading
- Achieve high-quality teaching standards
